Crop Protectant

EPA Reg. No. 61842-18

## POMEGRANATE PRE-HARVEST APPLICATION

### KEEP OUT OF REACH OF CHILDREN CAUTION

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulations. This label must be in the possession of the user at the time of the application and supersedes any other label instructions for this use site on the **Surround WP** booklet label.

#### Pomegranates

PEST	LBS/ACRE	APPLICATION INSTRUCTIONS
Aphids, crickets, flea beetles, fruit flies, grasshoppers, leafhoppers, leafrollers, olive fruit fly, thrips, white fly	25-50	Suppression only*. Start prior to infestation. Spray every 7 – 14 days throughout infestation.
Sunburn and heat stress		Apply to sunburn-prone fruit, leaf, or limb and trunk bark surfaces before conditions leading to sunburn occur. If initiating sprays for sunburn suppression, where there have been no prior sprays, provide thorough coverage of all fruit or other plant surfaces prior to sunburn-causing conditions with one to two full rate applications 7 days apart. Depending upon the length of the high heat period, three to four applications in total often are needed with subsequent applications every 7-21 days. Good coverage on typical semi-dwarf trees is best achieved with the initial one to two sprays, at 50 lbs in 100 to 200 gallons per acre to achieve near-drip coverage on the fruit or other plant surfaces. Under windy conditions, <b>Surround WP</b> can be rubbed off by leaf movement making reapplication necessary.
*If complete control is needed, consider using supplemental controls.		

Read the “Warranty Conditions of Sale – Limited Warranty and Limitations of Liability and Remedies” in the label booklet for **Surround WP** before using.
